

EXPORT 101

In Partnership with Specialty Crop Trade Council

Export 101 is an overview of export transaction basics and responsibilities, U.S. export regulatory requirements, and the forwarder process. This four-part course incorporates critical thinking questions throughout to help you learn the material and get you to start thinking like an export specialist. Upon completion of the course, you will have a firm understanding of the basic requirements for the freight forwarder documentation and shipping process. Export 101 is completely self-paced and online, including the final exam.

BENEFITS

- Expand your knowledge of export procedures
- Keep current with recent changes affecting the export industry
- Great introduction for someone new to the world of exports

CONTINUING EDUCATION CREDITS

- 10 credits awarded to active CES or MES designees
- 5 credits awarded to active CCS or MCS designees
- Counts toward recertification CE credits only — not toward earning the designation itself

KEY TOPICS

- Part 1: Export Transaction Basics
- Part 2: U.S. Export Regulatory Requirements
- Part 3: Responsibilities of the Parties to the Export Transaction
- Part 4: The Forwarder Process

WHO SHOULD ENROLL?
